Further to our news story a week or so ago, we have now had confirmation from the

Bahrain Drag Racing club that we can run in their 2016/2017 racing series!

A big thank you to Shane Tecklenburg for his assistance over the last few months in

brokering this deal.

Thank you also to Martin Smith of Coastal Global Logistics for handling all aspects of shipping

the car/truck to Bahrain and back.

Our little team is once again living the dream!
